AUCTION HELP GUIDE:

The bidding structure will be based on a premium bid. This means the buyer will pay the actual amount of bids.

The Auctioneer will confirm the winning bid.

If a group of buyers would like to **SHARE** in the purchase, a discussion should be held ahead of time and all numbers raised following the final winning bid. This group should have one designated bidder.

Should another buyer wish to **MULTIPLY** the sale, they may raise their number after sale is confirmed and they will also pay the winning price.

EXAMPLE:

Exhibitor	Weight	Base (Support Price)	Bid Price
Chris Clover	300 lbs.	\$186.00 (0.62x300 lbs.)	\$200

- The animal will go to market and the buyer pays \$200.00. The exhibitor will receive the support price base plus the bid price for a total of \$386.00
- If 2 buyers **SHARE** the purchase. Each buyer pays \$100. Exhibitor receives \$386.00
- If 2 buyers **MULTIPLY** the purchase. Each buyer pays \$200. Exhibitor receives \$586.00

Add-on Premium's will be collected thru August 26th should a buyer wish to add a specific amount to an exhibitor's sale.

Program printed by The Hicksville Tribune.
