1. ALL MARKET animals will be weighed as they are unloaded. Please have animals un-blanketed to allow for an initial assessment of the animal as it crosses the scale. After being weighed, you may place animal/s in their assigned stall/pen. Market Hogs will be inspected at the scale as they arrive Friday, August 12th. COMPLETED DRUG USE NOTIFICATION FORMS will be electronically collected at the scale for all market animals. Please be sure all sections of the form are filled out and all signatures are completed.

2. All animals MUST be in their assigned stall/pen promptly at 8:00pm uncovered (for swine, this is Jr. Fair breeding gilts only. Market swine will have vet check on Friday morning as part of weigh in). NO ANIMALS ARE TO BE TIED OUT AT THIS TIME! Exhibitors are to be with their project animal/exhibit promptly at 8:00pm. If the exhibitor is not able to be present due to work or practice or an emergency, they are to have an adult representative present who they authorize to sign and/or speak on their behalf. *The veterinarian, Senior Fair Board Dept. Superintendent NOR Junior Fair Board representative will track down

any exhibitor or their animal for this inspection. Exhibitors are expected to have their animal/s in the barn and themselves or their adult representative present.

3. If any Junior Fair exhibitor's animal is excused for health concerns and the exhibitor has taken their trailer home or was trailered in by someone else, arrangements by Senior Fair Board will be made to assist the exhibitor in removing the animal.

The Senior Fair Board Dept. Superintendent will make any and all decisions with regards to animals in violation of rules and regulations of the department or exhibition.

There will be daily vet walk-thru inspections that are to be announced. A message board is available for exhibitors to identify problem animals to be examined by the fair veterinarian during this time. The vet will leave a message with a diagnosis attached to your pen if you are not present during examination. Any animals requiring attention other than the designed walk-thru inspection hour are subject to regular vet fees. Owners will be responsible for payment of such service.

GENERAL RULES

The flower shows are open to anyone who purchases a Henry County Fair Season Ticket at the Fair Office. (Exceptions – FREE – youth 12 years as of January 1st of current year or younger, 4-H and F.F.A.) Deadline for ticket purchase, entry registration and entry tags is **Monday, August 7th, 7:00 p.m.**

The Junior Division is open to youth 15 years or younger as of January 1st of current year.

Amateur classes are open to anyone who grows flowers and plants for pleasure only, not for the purpose of a livelihood.

Each entry must be accompanied by an exhibitor's tag correctly filled in with the name, exhibitor number and class number. Exhibitors may enter as many classes as they wish in either one or both shows.

No responsibility is assumed for exhibits, other property or injury. Personal property should be marked with owner's name and address.

Judging will be by the Standard System of the Ohio Association of Garden Clubs (OAGC). At the discretion of the judge, first, second and third places will be awarded for each class, plus honorable mentions for Junior Division. The judge's decision is final.

During judging, no one will be al-

lowed to touch, remove or rearrange any exhibit without the consent of the director.

During judging, exhibitors are asked to not engage in conversation with the judge, except during oral judging of designs.

ARTISTIC DESIGN RULES

Artistic classes are open to anyone other than professional arrangers.

All plant materials MUST be listed on the front of the entry tag or a 3"x5" card. Entry tags should include variety names, if known.

Exhibitors may also explain how they interpreted the theme into their design on another 3"x5" card.

Live and dried materials may be obtained from any source for arrangements. Fresh plant material must be predominant, unless otherwise stated. Dried, painted and treated materials may be used in all designs unless otherwise stated. Fresh plant materials may not be painted or dyed. Protected wildlife feathers are not permitted.

No silk or plastic plant materials may be used.

Bases and accessories are permitted and are judged as part of the entry.

Handcrafted items from natural materials are allowed.

Foliage is permitted in arrangements unless otherwise stated.

Plant materials may be replaced to

insure freshness; the design cannot be changed.

The design must be the work of the exhibitor.

All entries will be placed as directed by the committee.

ARTISTIC DESIGN TERMS – also see Ohio Association of Garden Clubs (OAGC) Handbook

Incorporating: - the material incorporated must be an integral part of the design

Reflective Design – A 3D Creative Design that contains some components that must reflect, give back images, and involve the view through the use of that reflection. Because very few plant materials are reflective, the reflection must come from the container or incorporated material. DO NOT just place your design in front of a mirror.

Stretch Design – A 3D creative design using two similar containers, where one is smaller and appears to have been pulled away from the other by straight connective line material having dynamic tension and qualities. The stretch may be in any direction (diagonal, vertical, or horizontal). The connective line must be straight and forceful, creative and compatible with other elements of the design. The connective line must be in scale and in good proportion to the overall design

Two Container Design - A traditional design that uses two containers. When complete, the design should appear as one finished design.

Showing Water – Water should be viewable and an integral part of the design. This is NOT an underwater design.

Transparency Design – A 3D creative design incorporating see-through materials placed into the design to give
